

Year 4

Year 4 have had an amazing start to the Summer Term!

- We have had a focus on our Times Tables and held our first and second TTRS competitions of the year – well done to Dijle and Mason from Rundell!
- In our Maths, we have been learning about area/perimeter and just started on a unit on measurement!
- Our Artwork has been fantastic – you can see our watercolour paintings above.
- In Jigsaw, we have been learning about 'Relationships' and how to deal with jealousy and losing someone that is special to us.

We were so incredibly proud of our Y6 pupils this week! They completed the long awaited SATS assessments this week. It was a pleasure to enjoy our SATS breakfasts each morning and sit with them before they completed assessments in classrooms. The long journey in Primary is nearly at an end! We look forward to enjoying the last term and few weeks before they go to Y7!

HOMWORK

We have seen some amazing effort with homework over the last week. Pupils are really working their socks off, which is fantastic!

PLEASE REMEMBER!!

Scholars are expected to play at least 5 minutes on TT Rockstars (KS2) or Numbots (KS1) every day from Monday-Friday.

To do this, they need to play at least 5 games a day.

When teachers check to see if homework is completed, they can only see the time spent playing games - not time on the app in general.

Each game lasts at least 1 minute, so playing 5 games will ensure that you do the required amount of work each day!

If you have any questions about this, please speak to your child's teacher on Class Dojo.

The winners are:

Rundell Class and Seuss Class

RE M I N D E R

- Y5 visit to the Mosque- Monday 16th May

Hot Choc with the Head

ATTENDANCE EVERY DAY COUNTS!

Park Parade Attendance Winners:

Congratulations to Hubble Class who won the attendance award this week. They will be going to the park on Friday to celebrate!

Above is a picture of Bird Class who were the attendance winners of the week last week!

Our value of the week next week is: **ASPIRATION**

Our habit of the week next week is: **I will learn from my mistakes.**

Making mistakes and getting things wrong are a part of growing academically and personally.

We shouldn't hide from our mistakes. Instead we should own up to them and remember them. Doing this means we are less likely to repeat them in the future.
