

Ark John Keats Academy

February 2021

Dear Parents/Carers,

Your child has received a significant amount of home learning and revision materials to complete over half term. Over the break, we would recommend that our students complete 4 to 5 hours of home learning, or revision, on days that they would usually be in school. You can support them by making sure that they have a quiet place to study at a desk or table and by asking them what they have been working on at the end of each day.

A summary of the work that has been set can be found on our school website [here](#).

Advanced information

On February 7th, the department for education released advance information for A-levels and GCSEs. This information is designed to aid preparation and to help pupils focus their revision for the summer. This pre-release information means that pupils can now learn which topics they will be tested on in their end of year exams. In the majority of subjects mock exams have not changed. We have published a summary of any changes that have been made on our website [here](#). This affects Psychology, History and English Literature. We will write to you again after the mocks to provide more guidance on how our students should use this information to revise.

We are incredibly proud of how hard our year 11s have been working this term and are looking forward to celebrating with them in the summer.

Yours sincerely,

F.Freeman
