

Dear student,

The table below summarises the advanced information that has been shared by exam boards in each KS5 subject.

Subject	Explanation of changes	How should you change your revision as a result of this?	Link to advanced information
Maths	The exam board have published a list of the topics that will be assessed in each paper that you will sit this summer. This means that before you sit paper 1, you will know exactly which areas of the course are going to be assessed.	Your teacher will ensure that all the revision materials that we give you are tailored to focus on these topics. You should ensure that you focus your independent practice on the topics that are listed in the advance information link.	Here.
Politics	The exam board have removed some topics that will be examined in the exam.	You should still be confident on all parts of the course due to the interleaving of the course. However, make sure you are prepared for any potential questions on these topics.	https://arkschools.sharepoint.com/:b:/r/sites/JohnKeats/Secondary/Staff%20Share/Curriculum%20Areas/Humanities/Politics/Politics/2.%20Year%2013/2.%20Revision/1.%20SOW/W73113_GCE_A_Politics_9PLO_AN_Accessible_version.pdf?csf=1&web=1&e=tcGtKr
History	The exam board have removed some topics that will be examined in the exam.	You should still be confident on all parts of the course due to the interleaving of the course. However, make sure you are prepared for any potential questions on these topics.	https://qualifications.pearson.com/content/dam/pdf/A%20Level/History/2015/teaching-and-learning-materials/W73060_GCE_A_History_9HI0_AN_Accessible_version_v2.pdf
PRE	The exam board has specified a list of topics from which questions may be answered, for both Papers 1 and 2.	You should still be confident in the whole course because of the synoptic nature of the Dialogues section of Paper 2.	https://filestore.aga.org.uk/content/summer-2022/AQA-7062-AI-22.PDF
Sociology	The exam board has released a list of topics from which questions may be answered for Papers 1, 2 and 3. They have only released topic for 20 markers or more. ANY topic may be assessed in questions worth fewer than 20 marks. NO information is being released about Methods in Context.	You will receive a breakdown of the changes to guide your revision. You should still be confident in all areas of the course due to the interleaving of the course.	https://filestore.aga.org.uk/content/summer-2022/AQA-7192-AI-22.PDF
Music	The exam board has told us which set works will come up in Section B of the exam, the score analysis section. This means that we will have less focus on specifics of non-examined set works. We will still need to understand the characteristics of each genre in the Areas of Study, because these may come up in Section A of the exam.	Your teacher will ensure that all the revision materials that we give you are tailored to focus on these topics. You should ensure that you focus your independent practice on the topics that are listed in the advance information link. You should continue to listen widely to all areas of study, because of the unfamiliar listening in Section A of the exam.	https://filestore.aga.org.uk/content/summer-2022/AQA-7272-AI-22.PDF
French	The exam board has told us as to the upcoming content for Paper 1 (Listening, Reading and Translation into English) and Paper 3 (Speaking in French) only. The pre-release information for Paper 2 (Written response to works and Translation into French) will most likely refer to the translation part, not the response to the film and novel. This means you will need to emphasise revision for these papers, particularly vocabulary. For Paper 3, you will need a good cultural understanding of the topics covered and be able to discuss them in relevance to France and the Francophone world for Part 1 of the exam.	Your teacher will ensure that all the revision materials that we give you are tailored to focus on these topics. You should ensure that you focus your independent practice on the topics that are listed in the advance information link. This includes vocabulary and cultural understanding You should continue to review key vocabulary, listen to any French speaking sources and read in French daily.	https://qualifications.pearson.com/content/dam/pdf/A%20Level/French/2016/Teaching%20and%20Learning%20materials/W73049_GCE_A_French_9FR0_AN_Accessible_Version.pdf
English Literature	The 20 poems that we have studied from Poems of the Decade have been reduced to 10 this year in order to make revision easier. The two options on the exam paper will now come from this list only.	For Post-2000 Poetry you only need to revise for the poems on the list and for the unseen poem. The Romanticism section of the exam is unaffected.	https://qualifications.pearson.com/content/dam/pdf/A%20Level/English%20Literature/2015/teaching-and-learning-materials/W73043_GCE_A_English_Literature_9ETO_AN_Accessible_version.pdf

Economics	<p>Advanced information by Edexcel shows the topics that come up in each paper, and there are some topics that overlap between Paper 1 and Paper 3 and Paper 2 and Paper 3. We do not know what topics are coming up in the various sections, and what topics are needed for the essay questions. This means it is important to have a basic understanding of the topics that aren’t coming up in order to effectively tackle the essay questions.</p>	<p>Most of the time should be spent on those Edexcel topics that were mentioned, especially the overlapping topics (between Paper 1 and Paper 3 and between Paper 2 and Paper 3).</p> <p>You should prioritise content according to its weighting in the exam but should still revise everything.</p>	https://qualifications.pearson.com/en/qualifications/edexcel-a-levels/economics-a-2015/summer-2022-support.html
